

**The 22<sup>nd</sup> Meeting of the International Circle of Korean Linguistics**  
**National Chengchi University, Taipei, Taiwan**  
**16-18 August 2021**

**The deadline for abstract submission has been extended to Sunday, February 28, 2021. Please note that the program committee made the following changes in important dates to flexibly cope with the unexpectedness due to the second wave of the COVID19 spread.**

The 22nd Biennial Meeting of the International Circle of Korean Linguistics (ICKL22) will be held at National Chengchi University, Taipei, Taiwan on 16-18 August 2021 (arrival and banquet on 16 August 2021; conference presentations on 17-18 August 2021). This will be the fourth international academic fest focusing on Korean since the merger of the Harvard-ISOKL (Harvard International Symposium on Korean Linguistics) into the ICKL (International Circle of Korean Linguistics), and also be the first ICKL conference in Taiwan.

Please note that the conference venue and/or the manner of participation is subject to change due to the potential complexities caused by the COVID19 spread. Although it would not be easy to predict, especially with numerous planned conferences being affected by the virus, the organizing committee strongly believes that we still can prepare. In this vein, participants are encouraged to submit your work and contribute to the ICKL conference. The organizing committee will keep you posted regarding all the pertinent updates to the academic fest. We welcome abstracts for papers on any aspect of Korean language and linguistics including, but not limited to; Phonetics, Phonology, Morphology, Syntax, Semantics, Pragmatics, Historical-Comparative Linguistics, Psycholinguistics, Cognitive Linguistics, Sociolinguistics, Discourse/Conversation Analysis, Grammaticalization, First & Second Language Acquisition, and Language Education.

**Invited Speakers**

- Byung-Sun PARK (National Chengchi University), Computational Linguistics
- Sun-Hyo KIM (Chinese Culture University), Korean Syntax
- Winnie CHOR (Hong Kong Baptist University), Discourse/ Conversation Analysis, Grammaticalization
- Sang-Oak LEE (Seoul National University) & Chin-Chuan CHENG (University of Illinois, Urbana-Champaign), Comparison of Chinese and Sino-Korean
